

Attacked.ai™

DESIGN PARTNER · APPROVED

WELCOME TO ATTACKED.AI

Narrow your blast radius.

Your account is live — here's what it unlocks.

YOU'RE IN THE COHORT

You're approved, Razor. Now make the most of your access.

Your account is flipped to **PARTNER** — sign in with **razor@acme.com** and the full map unlocks on the next refresh. What you now have:

- ▶ **Named blast radius** on every breach — who's hit, how far it spreads
- ▶ **Recommended actions** + adaptive GUARD controls
- ▶ **Vendor Defence Ratings** across your supply chain
- ▶ **Full article-grade write-ups** on every incident
- ▶ **Daily intelligence digest** tuned to your sector

SIGN IN TO THE FULL MAP →

Get started with these

Open the live map

See active campaigns and your exposure in real time.

Tune GUARD controls

Set adaptive defences for your stack and sector.

Rate your vendors

Check Defence Ratings across your supply chain.

Read today's briefing

Article-grade write-ups on the incidents that matter to your sector — every morning.

READ THE LATEST

Set your alert preferences

Tell us your stack and sector so the daily digest stays sharp and noise stays low.

PERSONALIZE

WHAT WE ASK IN RETURN

~30 minutes of feedback when we send a question · first look at new modules · a reference logo when the time comes. Light touch — we'll reach out.
